

Become an Accredited Swimming Australia Technical Official

Area meets are conducted under FINA and Swimming NSW rules. So that we can run these events efficiently according to the rules, we need trained Technical Officials.

Contribute to the smooth running of your Club Races by attending a workshop to learn the rules and gain a Swimming Australia accreditation as a Technical Official.

In Warringah Area, we organise workshops for the following SAL Units

- **GENERAL PRINCIPLES OF SWIMMING OFFICIATING**
- **TIMEKEEPER**
- **CHIEF TIMEKEEPER**
- **MARSHAL**
- **CHECK STARTER**
- **RECORDER**
- **STARTER**
- **INSPECTOR OF TURNS**
- **JUDGE OF STROKES**

Warringah District and your club need keen, interested parents and young adults to train for these positions.

Already this season, around 20 people have gained accreditation and further courses will be held in November.
