## Starting Instructions

- 1 When the swimmers have been placed behind the starting platforms, the Starter will announce the Event and Heat Number (eg, Event 5, Heat 2)
- 2 On the long whistle from the Referee, the swimmers will step on to the starting platform and remain there. For Backstroke and Medley Relay events, swimmers shall immediately enter the water and at the second long whistle will return to the starting position at the wall.
- 3 On the Starter's command "Take your Marks", swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or, in the case of a Backstroke or Medley Relay event, their starting position in the water.
- 4 When all swimmers are stationary, the Starter shall give the starting signal.
- 5 Any swimmer starting before the starting signal has been given shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again.
- 6 Swimmers must finish in the lane in which they start and remain in the water in their lanes at the finish of the event. On the signal from the Referee, swimmers are to leave the water by the side of the pool. **[Swimmers must NOT climb out over the touch pads.]**
- 7 In events, where the following heat is "STARTING OVER THE TOP" swimmers will be required to move to the side of the lane. In backstroke, swimmers must move along the lane, AWAY FROM THE WALL. After the next heat has started, swimmers must watch for instructions from the Referee to leave the water by the side of the pool and NOT over the touch pads.
- 8 In an Individual Medley event, the order of strokes is Butterfly, Backstroke, Breaststroke, Freestyle.
- 9 In a Medley Relay event, the sequence is Backstroke, Breaststroke, Butterfly and Freestyle.
